Varberg Cyclocross

We started 2019 with a vision to develop a high-class Cyclocross competition and we took on the task to organize Swedish National Championship 2019 and 2020. Varberg Cyclocross was breaking new ground in Sweden with our scenic city course at our prominent fortress and beautiful coast side with a real sandpit on the beach.

From this moment, we know that we have the capability to develop our concept to the higher level. In the season 2021/2022 and 2022/2023 we did Varberg Cyclocross Swe-Cup (national CX-cup in Sweden). Season 2023/2024 we stepped up to UCI C2 level. Now we level-up to do UCI C2 both Saturday and Sunday.

The races in 2023/2024 had riders from 9 different nations.
